Create, Enhance & Sustain

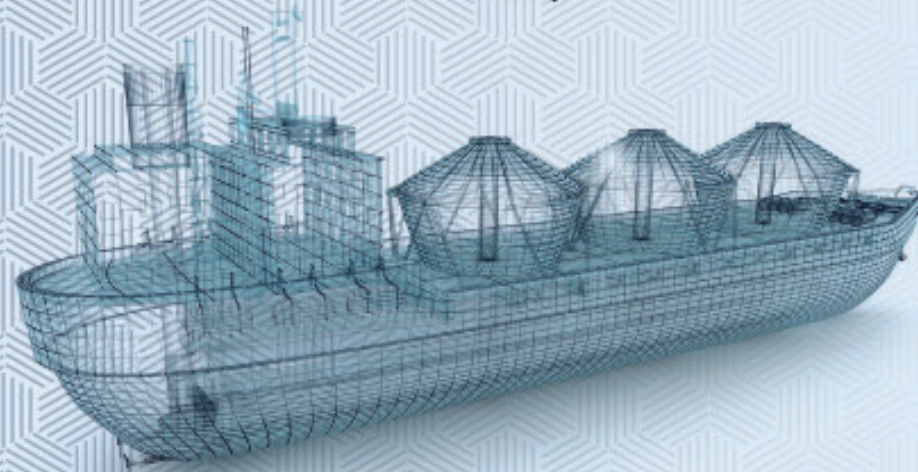

SHIP BUILDING | SHIP REPAIR | TELE COMMUNICATION | CIVIL & ELECTRICAL | INFRA PROJECTS | INDUSTRIAL TURN KEY EPC CONTRACTS | CROSS COUNTRY PIPE LINE

Engineering Contractors

OBJECTIVES

PVM Marine Engineering is among the region's leading construction, development and service groups, specialized in Marine Engineering, Telecommunication, Infra-structure, Civil & Electrical projects and Transportation. We are offering wide range of services which expands from hull fabrication & erection, structural outfit, pipe fabrication & installation, cross-country pipelines, electrical & automation, valve overhauling, installation & commissioning of machineries. Our objectives are to focus on the needs of our clients, find the best solutions to complex challenges & deliver results safely and efficiently.

OUR SERVICES

At PVM Marine Engineering, we offer a diverse approach to the key market segments of Commercial Marine, Oil & Gas, Defence And Industrial. Our key services offered are:

SHIP BUILDING | SHIP REPAIR/ REFURBISHMENT | POWER TRANSMISSION & TELE COMMUNICATION
CIVIL & ELECTRICAL | INFRA PROJECTS | INDUSTRIAL TURN KEY EPC CONTRACTS | CROSS COUNTRY PIPE LINE

Delivering
Results,
Reliability,
& Rock Solid Dependability.

The Power Of Applied Intelligence

OUR FOCUS

- S**trict adherence to well established health & safety requirements.
- P**rompt and swift response to all project queries.
- T**imely completion of projects, adhering to the project schedule.
- Q**uality execution of all projects.
- C**ost effective execution of all projects.

MAJOR PROJECTS

COCHIN SHIPYARD LTD.

Fabrication, Installation & Pressure Testing of internal & external drain, Aviation stripping system, Aviation fuel transfer line, Sea water cooling line, Heating & Trimming line, Fresh water system, Salvage system, Fire and bilge system for indigenous Aircraft carrier. Hull Fabrication & Erection for indigenous aircraft carrier, Platform supply vessel, Fast patrol vessel, Technology demonstration vessel.

KOCHI REFINERY LTD.

Fabrication of pipe rack, Pipe handling frames & other supporting structures.

MARITIME MONTERING NORINCO INDIA PVT. LTD.

Installation of Electrical instruments, Installation of electrical panels and related equipments, Point to point cable laying including securing & Termination for indigenous Aircraft carrier.

JOHNSON CONTROLS MARINE & REFRIGERATION INDIA LTD.

GI & MS Duct fabrication, Routing & Installation HVAC line for indigenous Aircraft carrier.

DREDGING CORPORATION OF INDIA.

Design, Supply & Construction Of anchor handling pontoon.

L & T SHIPBUILDING LTD.

Installation, Commissioning & Load testing of 18 ton capacity hydraulic winch including power pack on barge ast 19.

COCHIN INTERNATIONAL AIRPORT LTD.

Modification work of Aerobridge.

KERALA WATER AUTHORITY.

Excavation, Laying, Testing & Commissioning of cross-country pipeline with necessary valves and ancillaries (27km).

RELIANCE JIO.

Installation & Commissioning of CWT, COW and RIL Tower receptors, Ducting and installation of Optic fibers and OF splicing with OTDR testing, Installation of ODC and different modules of Out Door Unit, Fabrication and installation of 3m, 6m, 12m, 18m pole towers.

GROUP STRENGTH

- A proven leader in the epc industry over 5 years' experience with continued company growth.
- Dedicated team of engineers & technicians to undertake any assignments as per client requirement.
 - Overall open fabrication area - 1,500 sq.m
 - Overall covered fabrication area with overhead crane facility- 800 sq.m
 - Open assembly area - 2000 sq.m
- Various types of equipment for fabrication of steel, aluminium, alloy structure etc.
 - Dedicated team of vendors to meet all material requirements.
 - 500+ human resources.
 - A-category labour classification.
- Diverse awareness of class regulations, systems and interface requirements for any project.
 - Full in-house capabilities.
